*I understand that the therapeutic bodywork given here at Naturally Well is for the purpose of stress reduction, relief from muscular tension or spasm, or for increasing circulation and energy flow. I understand that the bodywork therapist does not diagnose illness, disease or any other physical or mental disorder. As such, the bodywork therapist does not prescribe medical treatment or pharmaceuticals. It has been made very clear to me that this therapy is not a substitute for medical examinations and/or diagnosis and that it is recommended that I see a medical doctor for any ailment that I might have. No guarantees or warranties are implied or expressed with the bodywork treatments that are given here. I may also receive a form of Tuina massage which focuses on meridians, muscles, soft tissue, stretching of my body. I understand and accept such stretching, releases, and popping and understand that Tuina massage is not a form of chiropractic care, but rather a form of therapeutic bodywork. I agree to expressly state in the comments section below if I do not want to receive Tuina Massage. Since a bodywork therapist must be aware of existing physical conditions, I have stated all my known medical conditions and take it upon myself to keep the bodywork therapist updated on my physical health.*

## Disclaimer Form

I understand that the therapeutic bodywork given here is provided by a licensed massage therapist who is licensed by the state of New Mexico. This treatment is complementary to health care services provided by licensed healthcare practitioners.

The therapist may use nutrition, herbs, homeopathics, hydrotherapy or therapeutic bodywork to provide the clients with relaxed muscles; relief of pain and stiffness from tension, cramps and spasms; prevent muscle atrophy; lower blood pressure; stimulate blood and lymph circulation; aid in elimination of toxins and wastes; increase nutrition to cells; expand physical, emotional and mental, and spiritual awareness; and facilitate the healing of injuries. I understand that the bodywork therapist here is a licensed massage therapist and unlicensed traditional naturopath trained in hydrotherapies, herbology, homeopaths, nutrition, and therapeutic bodywork. As such, they do not diagnose illness, disease or any other physical or mental disorder.

The body work therapist does not prescribe medical treatment of pharmaceuticals. It has been made very clear to me that this therapy is not a substitute for medical examinations and/or diagnosis and that it is recommended that I see a medical doctor for any ailment that I might have. No guarantees or warranties are implied or expressed with the bodywork treatments that are given here. You may also receive a form of Tuina Massage, which focuses on meridians, muscles, stretching, soft tissue, acupressure and supporting joint tissue. Tuina Massage may result in stretching, releases, and popping and understand that Tuina Massage is not a form of chiropractic care, but rather a form of Therapeutic Bodywork.

Because a bodywork therapist must be aware of existing physical conditions, I have stated all my known medical conditions and take it upon myself to keep the bodywork therapist updated on my physical health.

As a patient, I have the right to complete a current information concerning the practitioner's assessment and recommended services that are provided, including the expected duration of the services to be provided, the method of billing for the fees listed below, that I have the right to reasonable notice of changes in services and/or charges, and that I be allowed access to my record and any written information from my records. All my records and transactions are confidential unless the release of these records is authorized in writing by me or otherwise provided by law. I have the right to a coordinated transfer when there is a change in the therapist.

I understand that I may file complaints with the:
